Submitted to the Government.

2. Out of 2292 tons of boiled rice held in South Kanara district, 1101 tons of I sort rice were earmarked for surrender to the Government of India and the balance of 1191 tons of II sort rice was retained for consumption in the district. Of this quantity of 1191 tons, about 102 tons are reported to have been left over on 1-1-1955, from which date there was no need for the continuance of Fair Price shops in this district. The Collector has proposed disposal of the above balance of 102 tons by issue to the Port Officer, Mangalore in exchange for coir and in open market, in unlimited quantities at the pool rate of Rs. 16-11--9 per maund (Wholesalers' issue rate to retailers for II sort rice). He has also requested permission to transfer the stocks held in Hosedrug sub-taluk to Mangalore for issue to the Port Officer, Mangalore.

3. The pool price for II sort is lesser than the cost price of II sort rice. Generally in such cases, sale of II sort rice in open market at pool rates is not allowed unless an equal quantity of I sort rice is also taken. As in the present case, the sale is to be made only to the Port Officer, Mangalore, that condition need not be insisted on. The Board has therefore permitted the collector of South Kanara to sell the stock of about 102 tons to the Port Officer, Mangalore and none else, as proposed by him and also to transfer the stocks in Hosedrug sub-taluk to Mangalore.

Copy of ~~the letter from Thiru A.Kunhamed, B.A.~~, Collector of South Kanara, Mangalore to the Secretary to the Commissioner of Civil Supplies, Board of Revenue, Chepauk, Madras--5.

Ref. No.C.30264/54-R.2, dated 4--1--1955.

This Office report Ref.C.No.25162/54-A.2, d/ 29-11-54.

There is a stock of 102 tons of rice held in the following depots of the district.

		Bags.	Mds.	Srs.
Mangalore.	....	280	560	00
Kanhangad	....	514	1028	00
Nileshwar	....	210	420	00
Tricarpur	....	385	770	00
Total	....	1389	2778	00

In my letter cited second it was reported that the stocks of 321 tons of Tanjore II sort rice would be sufficient to meet the requirements of the Fair price shops for 6 wees till the 31st December, 1954 at the ~~rate of 52 tons per week. But on account of the availability of local Raud pounded~~ rice in the market at a reasonable price, there was a fall in the off-take of rice in the month of December, 1954. There is thus no need for the continuance of Fair Price shops from 1-1-1955. There may not be much demand for Tanjore II sort rice at the pool rate of Rs. 16-11--9 per maund even if it is sold in unrestricted quantities in the open market.

2. A sum of Rs.43,365-15--5 is now pending in the ledger of the Port Officer, Mangalore. The Board in its reference No.57021/VIV/54.CS, dated 24-12-1954 has sanctioned the refund of this amount to the Port Officer, Mangalore. In order to dispose of the present stocks of Tanjore II Sort rice quickly I may be permitted to sell it in unrestricted quantities in the open market and also to the Port Officer, Mangalore in exchange for coir at the pool rate of Rs. 16-11--9 per maund without loss to Government. In case there is no demand for the stocks held in Hosdrug sub-taluk, I may be permitted to transfer them to Mangalore for issues to Port Officer, Mangalore. I request early orders in the matter.
